

For everybody to have a fair chance of succeeding, sport must be clean at all levels: from athletes, through to their supporting staff and administration.

The CADF, the independent body mandated by the UCI to carry out anti-doping in cycling, is giving everyone an opportunity to report any suspicion of doping, anonymously or not, via CADF web form or by email at [reportdoping@cadf.ch](mailto:reportdoping@cadf.ch).

Your information could just be the detail we need and it will be treated confidentially.
